

10 Little Revenge Hexes

Broken Heart Addition (Mostly)

Welcome

Dear Beautiful Soul,

This spell book is designed for the person who has been cast aside by a lover, or who wants to finally separate from a lover. These are easy hexes and rituals that will get you that feeling of revenge without a lot of drama, but with a lot of satisfaction.

There is a misconception that a spell will come back on you and cause you harm. I, personally, haven't experienced that, but I also only send this energy to people who truly deserve it. Does your ex deserve it? If you're not sure you can connect with your spirit guides in a meditation I will link in this book. But if you are here, I am thinking they deserve a little havoc in their lives.

Energy is vibration and EVERYTHING vibrates, including your words, thoughts, and emotions. Focusing your energy with the help of botanicals and other ingredients brings more power to your intentions. When your heart is broken, these spells can give you a ton of relief from that pain.

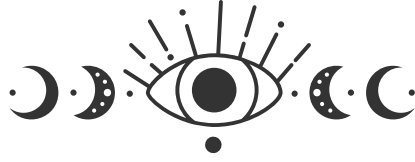

But if you get to a point where you are ready to use witchcraft and the quantum to fully heal, check out our New Heartbreak Recovery Course on Udemy.com. I'm linking the coupon code page here so you can get a discount if you are not a member of Udemy:

The Unbinding: A Ritual-Based Heartbreak Recovery Course

Adapt all these ideas to your own beliefs. Know that these are not a substitute for practical actions. Do not replace these rituals for other proven methods of medicine and science. All is energy and all is connected.

And do your best to practice spiritual hygiene so you can keep your own energy safe from others.

*Sincerely,
A Quantum Witch*

Connect With Your Team

You can dive right into these Rituals. Do it with all the fury and energy of your broken heart.

But, if you would like to make sure that the ritual that you are about to perform is the best for your situation, take time to ask your spirit team.

If you are not sure how to do this, use this meditation to help you connect with a guide to help you.

Let's Get Started

Truth Revealed

Materials:

Small piece of paper, pen, ritual bowl or fire proof plate, matches or lighter

Instructions: Draw the sigil on a piece of paper while saying, "The truth will be exposed _(their name)_, all will be revealed." Fold the paper away from you and burn it in the bowl. (Remember fire safety) After the ashes cool, dispose of them away from your house. Then go work on your healing.

Sigil from: The fundamental Book
of Sigil Magic - KP Theodore

When to use it: When your ex has been lying, cheating, abusive, or has basically been so dishonest and other potentially believe their story. You want them exposed for who they are.

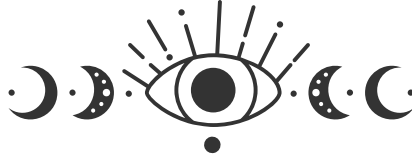

Perpetual Unease

Materials:

Small Drawstring bag, black candle, lighter or candle, picture of your ex, graveyard dirt, mustard powder, sharp objects (nails, broken glass, tacks, etc).

Instructions: Put the objects in front of the black candle. While it burns, yell at your ex for everything they have done to hurt you and how much you hate them. When you are done, put everything in the bag and let the candle burn out (fire safety, monitor the flame). Bury the bag in the cemetery while saying, "Magical items, please do your worst, give _Name_ no rest until this bag is freed."

When to use it: When you want them to really feel and understand how you feel. They will never feel comfortable until you or someone else (sometimes some "thing") frees the bag.

Stop Their Lies and Reveal My Truth

Materials:

Small piece of paper, black thread, pencil with an eraser, pen

Instructions: Write your ex's name on a piece of paper and say, "you think you're smart _name_." Then get the pen and cross their name out saying, "The power you have is blocked as your lies come back to haunt you." Then, write your name over theirs and say, "My truth is THE truth and all will know." Then roll the paper up and tie the paper with the black string using 9 knots saying, "Only MY truth will free you" with each knot. On the last knot add the words, "It is done, it is done, it is done." Then throw it in the trash. It will be up to the creatures of the dump to decide when this hex is over.

When to use it: When their lies and manipulations are just too much that it is impacting your life.

Shut the Fuck up and Face Yourself

Materials:

Lemon, cloves, black thread, needle, foil, knife, small piece of paper, something to write with.

Instructions: Cut the lemon ALMOST in half. it will look like it has a mouth. Write your ex's name on the paper. Tell them that they are finally going to have to shut the fuck up and deal with their own crap. Fold the paper away from you. Stick it inside the lemon. Add 5-10 cloves into the lemon and ask them to shut your ex's gossipy mouth. Sew the lemon shut (it doesn't need to be perfect). While sewing imagine that your ex's life is now bitter and every time they speak your name they feel like they will choke.

Wrap the lemon in foil so they are stuck in the dark with only themselves and their yapping mouth for company. Keep it for as long as you can or until you are sure they have stopped speaking about you. Then throw it in the trash where your ex belongs.

When to use it: I think you know when to use this.

No Regrets Apple Spell

Materials:

Apple, honey, cayenne pepper, knife

Instructions: Cut the apple into pieces and then cover them with honey and cayenne pepper. Ask the mixture to absorb your love for this other person. Ask the mixture to remove any shame or humiliation they have caused you. Let the apple mixture sit until it rots. Then flush it down the toilet or throw it in the trash.

When to use it: If the love you are letting go of left you feeling defiled or disgusting. Like, "I can't believe I allowed that to happen." After this type of relationship, it is definitely a good idea to take our heartbreak course and reclaim your power.

Return to Sender

Materials:

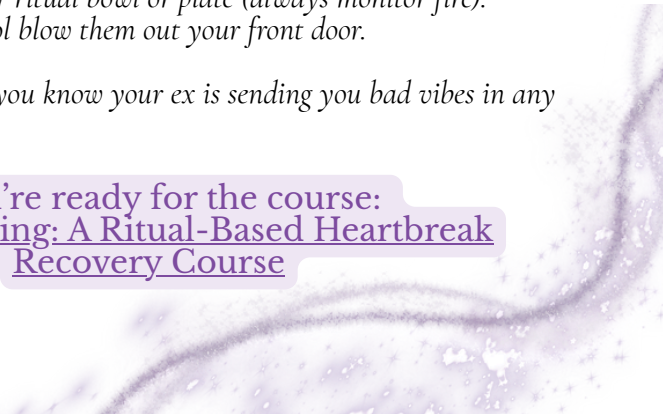

Small slip of paper, black pen or marker (I like marker), matches or lighter, a fire-proof ritual bowl or plate

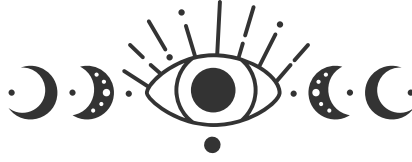

Instructions: Draw an arrow on the slip of paper away from you sending that negative energy back to the person sending it to you. Draw and X at the bottom of the arrow to stop any energy from coming back your way. Fold the paper away from you saying "This negative energy no longer reaches me, it bounces back and returns right back to you." Then, burn it to ashes in your ritual bowl or plate (always monitor fire). When the ashes are cool blow them out your front door.

When to use it: When you know your ex is sending you bad vibes in any way.

Justice Spell

Materials:

Cayenne pepper, brown candle, oil (to put on the candle so any will do), lighter or matches

Instructions: Hold the brown candle in your hands and charge it with your request for justice. Ask your guides and source to make justice fast in the best way they feel they can. Dress the candle (take your finger and smear the oil all over the candle), and add cayenne pepper to add speediness to your request. Burn the candle (fire safety, always monitor).

When to use it: When your ex has done some truly evil things and you have already done everything in your legal power to let authorities know. Or you are about to go to court and you know your ex is in the wrong.

Tower Tarot Card Hex

Directly from the book: Utterly Wicked -
Hexes, Curses, and Other Unsavory Notions

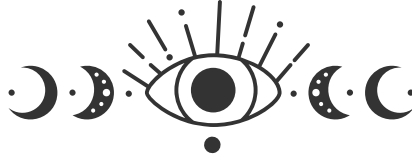

Materials:

A printed copy of the Tower (a tarot card), a marker, lighter or matches, ritual bowl or fire-proof plate

Instructions: Write the name of your ex at the top of the copy of the Tower Tarot Card. Crumple the paper and then burn it. Throw the ashes out away from your house.

When to use it: When you just want to cause general chaos in your ex's life.

Conflict and Chaos in Your New Love

Materials:

Red Candle, olive oil, ground mustard, lemon verbena, cayenne pepper, mechanical pencil (no lead needed), matches or lighter

Instructions: Take the mechanical pencil and use it without the lead, carve the name of your ex and their new lover on opposite sides of the candle. Dress the candle (take your finger and smear the oil all over the candle). Sprinkle mustard and lemon verbena on the candle asking the botanicals to release their powers of causing arguments, hostility, and and ruptures. Burn the candle (fire safety, monitor the candle) and while it burns visualize all the chaos this spell will cause.

When to use it: When your ex cheated and you just want them to be miserable. I will add, though, that anyone who ended up with a cheater like your ex, will already end up miserable.

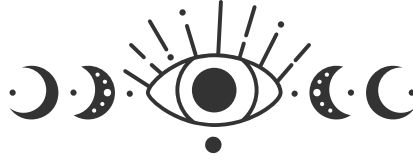

Banish that Free-Loader

Materials:

Black candle, Patchouli essential oil, cayenne pepper, mechanical pencil (no lead needed) matches or lighter

Instructions: Write the name of your free-loader ex who will not move out all over the black candle with your empty mechanical pencil. Dress the candle with the patchouli oil (take your finger and smear the oil all over the candle). Add cayenne pepper for speed. Light the candle and say the words, "Get the fuck out of here you loser, _(Name)_. I don't care where you go, but you are no longer welcome here." Burn the candle for three days, $\frac{1}{3}$ on each day (monitor your candle).

When to use it: I think it speaks for itself, but it is for that ex that the law just won't seem to let you get rid of.
